JOHNSON MEN AT DENVER

Representatives of the Minnesota Governor Discuss the Situation—Neither Judge Gray Nor Governor Johnson Wants Vice Presidential Nomination

Denver, July 2.—Claiming a victory on the first ballot, but overlooking no possible chance to make their triumph complete, the followers of Mr. Bryan have been watching for any move on the part of his rivals that would compel him to go single handed against the field, as Taft was obliged to show his strength in the early stages of the Chicago convention against the combined forces of the "allies." The arrival, however, of the personal representatives of Judge Gray and Governor Johnson, the only candidates who are now expected to enter the race against Mr. Bryan, has failed to disclose any common ground of agreement between them.

The Gray managers asserted that they had no intention of entering into a coalition with the followers of Governor Johnson and had not received from them, or made to them, any overtures for a combination. The same disclaimer of a desire to pool issues was made by the Johnson people after their arrival. They said that they had no other object in view but the nomination of Governor Johnson and intended to make their fight for that purpose only.

This attitude which the Gray and Johnson people have assumed has led to considerable conjecture of a vice presidential character. The followers of Mr. Bryan profess to believe that the refusals of the Gray and the Johnson men to make a combined fight against the strength of Mr. Bryan means that they are not averse to occupying positions in which they can avail themselves of Bryan votes for second place in the event of his nomination for the presidency.

Bryan People Are Wrong.

On this point, however, both Mr. Lynch for Governor Johnson and Mr. Marvel for Judge Gray insist that the Bryan people are utterly in the wrong. Their men, they say, are out for the first place and giving no consideration to the vice presidency.

The chief arrivals in point of political importance were those of Frederick B. Lynch, Frank A. Day, D. W. Lawler, mayor of St. Paul, and Richard T. O'Connor of the same city, all of them enthusiastic supporters of the Minnesota governor. Messrs. Lawler and O'Connor arrived several hours ahead of Mr. Day and Mr. Lynch, and were in Denver but a short time. They went later to Colorado Springs, where they will remain for two or three days. They expect to be joined there by other members of the Minnesota delegation, and it is possible that the various members of the committee may be selected before the Johnson men return to Denver. It is practically certain, however, that the member of the committee on resolutions will be chosen, although neither Mayor Lawler nor Mr. O'Connor were able to say who this would be.

Mayor Lawler, who acted as spokesman, while Mr. O'Connor filled a thinking part and came in strong with nods of approval after the mayor had declared himself, said that all talk of Governor Johnson taking second place on the ticket is utter nonsense.

"He will not take it," said Mayor Lawler. "It is out of the question to talk of such a thing. Even if the governor were himself disposed to accept the vice presidential nomination, and I assure you he is not, the people of Minnesota would not permit him to do so. The Democrats of Minnesota and his real friends throughout the country are not willing that Governor Johnson shall be sidetracked into the vice presidency. He is too big a man for that place and he belongs in the presidential chair if he goes to Washington at all."

Expects Johnson's Nomination.

The mayor was not prepared to discuss the platform or the vice presidential situation. He was, however, emphatic in his statement that he expected Governor Johnson to be nominated. "I do not believe," he said, "that any nomination will be made on the first ballot. There are many uninstructed delegates, in fact more than one-third of the convention is unpledged, and we do not believe that under such circumstances any nomination will be made immediately. We look for Governor Johnson to make an excellent showing on the first ballot and to steadily gain strength from that time until he is nominated, and

we do not expect that many ballots will be necessary."

Mr. Lynch made nothing but positive statements in summing up the situation for Governor Johnson.

"Governor Johnson's name will be presented to the convention by Representative Hammond of Minnesota," he began, "and the governor will be nominated for the presidency on the second or third ballot."

"Mr. Bryan has not got two-thirds of the delegates. We do not say that Governor Johnson has all of the 400 delegates which Bryan has not secured, but he will have at least 300 of them on the first ballot. Then will come into operation the law of 'instruction.' Bryan's delegates will have fulfilled their instruction as a rule by voting for him on the first ballot. A large percentage of these Bryan-instructed delegates are really for Johnson and they will be at liberty to vote as they desire after fulfilling their instruction to Bryan on the first ballot."

Mr. Lynch said the Johnson strength was mostly from the East and South, with his own state behind him. He said Governor Johnson was not a candidate for the second place on the ticket; that the governor had never been asked to take the place and that the governor did not regard himself as the logical man for the second place in the event of Bryan's nomination. His choice in this event, Mr. Lynch stated, was former Governor Douglass of Massachusetts.

Will Make an Energetic Fight.

The Johnson headquarters will be formally opened at the Albany hotel and the campaign managers for the Minnesota governor promise an energetic fight from that time on until a nomination has been made by the convention.

Headquarters for Judge Gray in the Savoy hotel are in full swing under the direction of Josiah Marvel of Wilmington, Del., and R. J. Beamish of Philadelphia.

No definite time has yet been set for the opening of headquarters for Mr. Bryan, which will be at Brown Palace hotel. There have been as yet few arrivals of men influential in the Bryan movement, the chief direction of his affairs in Denver having been so far in the hands of James C. Dahlman, mayor of Omaha.

Discussion of the platform continues to be largely confined to the anti-injunction plank, and the latest information from Lincoln regarding Mr. Bryan's attitude toward that portion of the resolutions was brought by Frank S. Monnett, former attorney general of Ohio, who arrived in Denver with the announcement that Mr. Bryan desired him to address the resolutions committee on the legal phase of an anti-injunction plank. Mr. Monnett personally is in favor of a strong utterance upon the subject. He conferred with Mr. Bryan at Lincoln on Tuesday.

Samuel Alschuler, who is the probable member of the committee on resolutions from Illinois, declared that he did not believe that the anti-injunction plank to be adopted at the convention would be of such a character that any controversy would be provoked by it.

TOWNE MEETS BRYAN.

New Yorker Confers With the Nebraskan at Lincoln.

Lincoln, Neb., July 2.—Charles A. Towne of New York was a visitor at Fairview. Mr. Towne, who is an avowed candidate for the Democratic nomination for vice president as well as an old time personal friend of Mr. Bryan, stopped off here for the express purpose of discussing vice presidential politics with the leader. Mr. Bryan was expecting him and for half an hour they remained closeted.

At the conclusion of the interview Mr. Towne admitted that his candidacy as well as the platform had formed the main topics of conversation.

"New York is the logical state to furnish the vice presidential nominee," said Mr. Towne. "The public does not seem to realize the number of Democrats there are in Northern New York. I have been assured by friends from all parts of the country of support for myself. Assurances of an unmistakable character were given me by leading New York Democrats before I would permit the use of my name."

Montana for Bryan.

Bozeman, Mont., July 2.—The Montana state Democratic convention instructed the delegation of six to the national convention at Denver to vote for W. J. Bryan for the presidential nomination as long as the name of the Nebraskan is before the convention. Former United States Senator W. A. Clark heads the national delegation.

TROUBLE IN MEXICO

Reports Regarding It Said to Be Exaggerated.

ATTACKS MADE ON VILLAGES

Invariably Have Been by Small Bands of Malcontents, Who Were Driven to Deeds of Desperation by Lack of Work.

Mexico City, July 2.—In a statement made to the Associated Press on behalf of the Mexican state department by Secretary of Foreign Affairs Senor Frederico Gamboa, that official said:

"In order that the absurdly exaggerated reports regarding the recent trouble in Northern Mexico may be corrected, I am giving you access to certain official correspondence, which will prove that the contention of the Mexican state department that the recent troubles had no political significance are well grounded."

A number of telegrams and official documents were thereupon shown the correspondents, which set forth the following facts:

That the recent attacks on the villages of Viesca, Las Vacas and Palomas were made by small bands of malcontents, who were driven to deeds of desperation by lack of work, consequent hunger and an enmity towards the local officials. These men had been furnished literature of an anarchistic and inflammatory nature by agitators in Los Angeles, Cal.; San Antonio and Austin, Tex., and St. Louis, Mo. In no instance had a representative man led the attacking parties, nor had the largest group of raiders numbered more than sixty men and that the trouble was practically over.

Continuing, Mr. Gamboa said: "As you have seen, these attacks have been made on villages near the boundary line which separates the United States and Mexico, by small groups of unemployed and ignorant men of the lower class."

"It seems that some of them came from the United States side and it is claimed the conspiracy was hatched on that side. For that reason, Mexico maintains that all of the raiders are guilty of common crimes and those caught on Mexican soil will be tried for such, while of those apprehended in the United States, Mexico will ask the extradition as we would of any criminal guilty of the crime of arson, murder or robbery."

"Mexico was taken completely unawares by the attacks and for that reason asked the co-operation of the United States in preserving the neutrality laws. The government and the people feel deeply grateful for the manner in which the co-operation has been given, even though the trouble is of such minor significance. That is the plain truth regarding the so-called revolutionary movement."

BAD WRECK IN IOWA.

One Man Killed and Three Others Badly Injured.

Des Moines, Ia., July 2.—One man was killed, three were seriously injured and half a dozen others were slightly hurt in a wreck when a Great Western work train crashed into the Rock Island, Indianola local at the East Sixteenth street crossing. The truck of the tender on the work train passed entirely into the smoking car of the Rock Island passenger train, penning seven persons in the rear end of the car. The turning of the coach sent three trucks pounding on the prostrated form of Baggageman W. H. Urbahn of Valley Junction, so injuring him that he died in the hospital.

The wreck was caused by the efforts of the engineers of both trains to make the crossing at the same time. The Indianola train, composed of engine, tender, the smoking car and the day coach, was half way across the intersection when it was struck in the middle by the tender of the work train engine.

The seriously injured are H. C. Fowler, Chillicothe, passenger, rib broken; E. C. Ruggles, Oelwein, Ia., crushed and bruised; D. F. Sanders, Carlisle, Ia., head bruised and cut.

WISCONSIN MAN CHOSEN.

Professor Harvey Elected President of National Educational Association.

Cleveland, O., July 2.—Lorenzo Dow Harvey, Ph. D., superintendent of public schools and superintendent of the Stout Training school at Menominee, Wis., was elected president of the National Educational Association at the general business session. Professor Harvey was opposed by Dr. W. O. Thompson, president of the Iowa State university, and J. H. Phillips, superintendent of public schools, Birmingham, Ala. The treasurer, A. H. Chamberlain, Pasadena, Cal., was re-elected.

GOTCH DEFEATS ROLLER.

Champion Retains His Title in Match at Seattle.

Seattle, Wash., July 2.—Frank Gotch of Humboldt, Ia., maintained his right to the world's championship when he outclassed Dr. B. T. Roller of Seattle, winning two consecutive falls in 15 minutes and 25 seconds, and 25 minutes and 54 seconds, respectively. The men entered the ring weighing close to 290 pounds each. Gotch worked his toe hold six times in succession in the first bout. Roller broke away each time, but it wore on him, and finally Gotch downed him with a crotch and half Nelson.

Roller did better work in the second bout, but Gotch went from head to heel with startling rapidity. Roller best work in this bout was to break a half Nelson and crotch after he was seemingly lost. He was finally picked up and dumped to his shoulders from the same position.

BREAKS ALL RECORDS.

Count Zeppelin's Balloon Remains in the Air Twelve Hours.

Friedrichshaff, July 2.—Count Zeppelin has outdistanced all world's records for steerable balloons. He remained in the air for twelve hours, traversed the greater part of Northern Switzerland and visited Zurich, Winterthur and Lucerne, attaining an average speed throughout of thirty four miles an hour. His airship displayed splendid qualities of dirigibility and answered the slightest movement of the helm, while its stability was quite up to the greatest expectations.

Cut to Pieces by a Train.

Grand Rapids, Minn., July 2.—The scattered remains of a man were found strewn along the track for nearly 200 feet at the east end of town. From clothing and other evidences found on the body it was identified as Carl Johnson, a laborer, who had been in town the night before. It is supposed that he went to sleep on the track and that the westbound midnight flyer on the Great Northern hit him.

Memorial to Lincoln.

Washington, July 2.—A magnificent highway extending from this city to Gettysburg, Pa., a distance of seventy-two miles, as a national memorial to Abraham Lincoln is the recommendation made by James T. McCleary, section assistant postmaster general and formerly a member of congress from Minnesota, to the Abraham Lincoln memorial commission.

Bishop Potter Dying.

Cooperstown, N. Y., July 2.—Bishop Henry Codman Potter of the Protestant Episcopal diocese of New York is near death's door and the end may come at any moment.

Republicans of Vermont.

Montpelier, Vt., July 2.—Lieutenant Governor George A. Prouty of New York was nominated for governor on the first ballot at the Republican state convention held in this city. Dr. John A. Mead of Rutland received the nomination for lieutenant governor and Guy W. Bailey of Essex Junction received that for secretary of state. State Treasurer E. H. Deavitt of Montpelier and State Auditor H. F. Graham of Craftsbury were renominated by acclamation and John G. Sargent of Ludlow was named for attorney general.

KELLOGG OUT OF IT

Will Not Be Chairman of Republican Committee.

NEVER DESIRED POSITION

Finally Succeeds in Impressing Upon His Political Friends That His Name Must Not Be Further Considered for the Chairmanship.

New York, July 2.—After a day of gossip concerning the chairmanship of the Republican national committee, it was learned definitely that Frank B. Kellogg of Minnesota is out of the race in which he has never voluntarily taken part.

There were rumors that Mr. Kellogg had been decided upon and the fact that he took luncheon with President Roosevelt at Sagamore Hill was construed as strengthening this report. When seen at his hotel here, Mr. Kellogg had nothing to say regarding the report, but it was learned that during the conference at Oyster Bay, in which the president, Mr. Kellogg and National Committeeman William Ward of New York participated, and that again when Mr. Kellogg and Ward met Elmer Dover, secretary of the national committee, at the Waldorf-Astoria, Mr. Kellogg's name was tentatively considered. Mr. Kellogg, however, succeeded in impressing upon his political friends that his name must not be further considered for the chairmanship.

Mr. Kellogg's position as counsel for the government in the Standard Oil and other prosecutions is in itself held by him to be sufficient to preclude his selection as the manager of Mr. Taft's campaign. It was said that this was the strongest argument presented against Mr. Kellogg's choice by himself.

POLITICAL CONFERENCE.

Held at Oyster Bay Between Roosevelt and Kellogg.

Oyster Bay, N. Y., July 2.—There were political developments of considerable significance here bearing upon the Republican national chairmanship. These seemed to confirm the conviction recently expressed in these dispatches that Frank B. Kellogg of Minnesota is favored by Secretary Taft and possibly by the administration as the man to head the Republican national committee and to manage the coming campaign.

It would be going too far to say that the selection of Mr. Kellogg has been decided upon and that he will be chosen for the chairmanship at Hot Springs, Va., next week, but the circumstances surrounding a consultation held here in which President Roosevelt, Mr. Kellogg and National Committeeman William L. Ward, New York, participated, gave substance to the earlier report. But upon the heels of this rumor came a hint that Mr. Kellogg's mission was really on behalf of Frank H. Hitchcock, heretofore most persistently discussed relative to the chairmanship. No statement on the subject was forthcoming from any one of the conferees and information concerning the conference was denied. Later it became known definitely that Mr. Kellogg not only did not wish

the chairmanship, but would refuse to accept it. Whether during the conference Mr. Kellogg was asked to take this important post was not made known, but that he will not be the national chairman is generally accepted here.

Mr. Kellogg went to New York, where he will meet Secretary Elmer Dover of the national Republican committee, and possibly others of political importance.

There are some men who can't take home a beefsteak without believing they are taking their wives a present.—Acheson Globe.

ASTRONOMICAL EVENTS.

Sun sets 7:31, rises 4:29; 2 p. m., earth at aphelion, farthest from sun; moon at apogee, farthest from earth.

NEARLY ten inches of rain for June is a record breaker.

THE city council at St. Cloud at its last session granted 32 saloon licenses and there are two more in sight. The lid movement in that city has not reduced the number of saloons although the proprietors claim that it has caused a dropping off in business.

THE democrats might as well come in and surrender and make good fellows of themselves, they have been at the head of affairs in Minnesota long enough and the republicans who were good fellows with them two and four years ago will now get back where they rightfully belong, and the democratic brethren might just as well make it unanimous.

THE firemen of the state will have \$150,578.15 divided among them as the

result of the two per cent tax on the fire insurance premiums collected. In cities where there is fire relief associations the money goes to the association, but otherwise it is paid to the city or village treasurer for the benefit of the fire department, and the division is pro rata according to premiums collected in each city.

WITH Jacobson at the head of the ticket and complete satisfaction prevailing over the state at the action taken by the convention in unanimously placing him in nomination for governor there is no question but that the state will be reclaimed from democratic rule in November and that every man on the republican ticket will be elected. It was a love feast such as has seldom been witnessed in a Minnesota convention and it portends success.

THE campaign of Carl E. Taylor, candidate for congress in the Eighth district, will be opened at Spirit Lake on July 4th where the gentleman will deliver an oration. Mr. Taylor is in the city on his way home from the republican state convention and he is of the opinion that his vote will come mostly from the rural districts and he expects that his opponents, Bede and Miller, will divide most of the votes from the cities in the district, although he is not sure that he will not get a look in there.

Tuesday was a blue day for Camp Laughalot for they went down before the excellent pitching of Claude Sewell, the star twirler of the Nisswa club, with a 5 to 0 score. Today (Wednesday) the Camp Laughalot boys turned the tide on the Nisswa club and beat them 9 to 4. After the first inning Mills was ineffective and Templeton supported him well behind the bat. The batteries were Camp Laughalot, Mills and Templeton; Nisswa C. Sewell and M. Curler. This makes two games won for Camp Laughalot and one for Nisswa out of the series of five games.

A. W. Scott, of Minneapolis, accompanied by Waldorf Gansley and Norman Johnson, of that city, passed thru Brainerd today enroute to Bemidji. They are traveling by automobile and report a rather strenuous time. They left Minneapolis Monday and broke their main driving shaft at Clear Lake. They telegraphed for another which arrived about 11 o'clock last night. They put the shaft in last night by lamp light and left there about 7 o'clock this morning. They arrived here shortly before the train arrived from the south. They, together with Rev. Irving P. Johnson and a party of friends, are going to an island in Lake Bemidji to spend the summer.

Our Shrinking Sun.

One hundred years ago the diameter of the sun was four miles greater than it is now. One thousand years ago the sun's diameter was forty miles greater than it is at present. Ten thousand years ago its diameter was 400 miles greater than it is today. The present diameter of the sun is 86,000 miles, and if this diameter were to shrink tomorrow to the extent of 10,000 miles the change would not be appreciable to common observation, though a much smaller change would not elude the delicate astronomical measurements.—New York American.

Three Killed by Lightning.

La Plata, Mo., July 2.—Three bricklayers at work on a building near the north side of the square were killed by lightning and a fourth man was knocked from the structure and seriously injured by the bolt. The dead are Richard Swope, Fred Carter and Cyrus Fusselman.

Tom Corwin's Mouth.

Tom Corwin had an enormous mouth. He once said he had been insulted by Deacon Smith. The good brother asked for further explanation about the insult.

"Well," said Corwin, "when I stood up in the lecture room to relate my experience and I opened my mouth Deacon Smith rose up in front and said, 'Will some brother please close that window and keep it closed?'"

The great stone face immortalized by Hawthorne is the famous Profile rock to be seen in the White mountains, near the Franconia notch. At a certain point it looks like a human visage carved in the eternal hills, but on nearer approach all semblance of a face vanishes.

The Popular Portrait.

I really cannot arrive at a satisfactory explanation of the question. What makes a portrait popular? A portrait may be greatly admired in a studio and fail to attract much attention in an exhibition, and vice versa. Personally when a portrait pleases a sitter I am satisfied, but that is, of course, a different thing from pleasing the popular taste in an exhibition.—Charles Shannon in London Tatler.

C. A. REIQUAM'S BROTHER KILLED

Met Death by Fall From Tie Train Near Seely, Minn., Tuesday Evening

DECEASED WAS TIME KEEPER

Exact Manner of Death Unknown, but Supposed he Was Boarding Train

Word has been received here of the death of Andrew Reiquam, a brother of C. A. Reiquam, of this city. It is thought by his relatives here that he was killed while trying to board the tie train of which he was time keeper. The Duluth News-Tribune has the following:

Grand Rapids, June 30—Andrew Reiquam, timekeeper for the tie train of the Great Northern, who was struck on the head yesterday near Seely, died at the hospital late last night. The deceased was 40 years of age and was unmarried.

The manner of Reiquam's death is unknown. However, the cook on the train states that he saw a man fall away from the train and down the embankment. He gave the alarm and the train was stopped and backed to the place where the injured man was picked up. Reiquam did not regain consciousness.

The deceased came from Sweden and was employed on the train by his brother-in-law. Two married sisters reside in Floodwood, Minn., and an aged mother, whose home is in St. Paul, but who is now staying with one of the sisters. The body of the deceased will be interred at Seely, Minn., beside that of his father.

TAFT AND VORYS CONFER

But Chairmanship Question Still Is Unsettled.

Washington, July 2.—After a conference with Arthur I. Vorys of Ohio lasting two hours and a half, Secretary Taft said:

"You can say absolutely definitely that the chairmanship of the Republican national committee has not yet been settled. You can say also, that no announcement of a decision as to the chairmanship will be made until after I have conferred at Hot Springs, Va. next Wednesday, with the subcommittee of the national committee. I hope this is sufficiently definite and that my statement will be accepted."

Mr. Vorys, the Ohio manager of Mr. Taft's preliminary campaign for the presidential nomination, arrived here to confer with him respecting the national chairmanship.

While it is known that Mr. Taft entertains for Mr. Vorys a high regard and is keenly appreciative of the part which his Ohio manager played in the preliminary campaign, it is understood that Mr. Vorys is not to be named as national chairman. That he will participate in the campaign in an important capacity there is little doubt. At the conclusion of their conference neither Mr. Taft nor Mr. Vorys would make any statement concerning its details.

FOR THE NORTH POLE.

Commander Robert E. Peary Will Make Another Dash.

New York, July 2.—Commander Robert E. Peary, the Arctic explorer, will make another attempt to find the North Pole. The staunch steamer Roosevelt, built for him by the Peary Arctic club, which carried him and his little party to the Far North on the latest expedition, will cast off her moorings at the foot of East Twenty-fourth street on Monday and begin her northward voyage.

Commander Peary will not leave New York with his ship, but will see her safely started and after remaining a few days here perfecting his final arrangements will go by rail to join his party at Sydney, Cape Breton, where the Roosevelt will stop to coal. The explorer had planned to have his ship leave New York Wednesday but the uncertainty of raising the \$50,000 necessary to finance the expedition caused the slight delay. All but \$5,000 of the fund required has been obtained and he is hopeful of raising the amount before he leaves the city.

Children Burned to Death.

PROSPECTS ARE GOOD

C. C. Kyle Says Prospects for Busy Season in Northern Pacific Shops

Here Were Never Better C. C. Kyle, chief clerk to Wm. Moir, mechanical superintendent of the Northern Pacific, was in the city Wednesday on business. Mr. Kyle was seen for a few minutes that night by a DISPATCH reporter and asked as to the prospects for the shops here. He said they were never better and that everything pointed to a very busy season. Mr. Kyle returned to St. Paul this morning but said he would come up Friday night and "fire off his fire crackers here."

Head of City Government of Stillwater Praises the Kline Shows

EVERY SHOW A FEATURE

Not a Single Fake in the Entire Outfit is the Recommendation

S. R. Adair, chairman of the committee of the Park Improvement association in charge of the carnival, today wired J. G. Armson, mayor of Stillwater, where the carnival is holding forth this week and asked his honest and unbiased opinion of the carnival. In reply he this afternoon received the following telegram: Stillwater, Minn., July 2, 1908.

S. R. Adair, Brainerd, Minn.,

Kline shows the best carnival aggregation we have ever had in Stillwater. Not a single fake with them and every show a feature.

J. G. ARMSON, Mayor of Stillwater.

The reports from the Stillwater papers are equally strong and show that the carnival is pleasing the people there this week as well as it did in Winona last week.

HELP WANTED

To the voters of the city of Brainerd: It is now up to the voters to determine if Brainerd shall build and own its waterworks system. This is for the voters of the city of Brainerd to say on July 14th, 1908.

This means that you voters shall get to the polls and vote and get all voters with you.

You must remember it will not raise or increase your taxes; the revenue from the waterworks will pay its own bonds and at present revenues it shall only be a few years when the water prices can be reduced also your taxes. Water and electric power to be operated in one building, and our intentions are that these systems be handled by a board of control, and taken out of politics. This \$120,000 is to build a new water plant and also power for water and electric plant and for improvements for the present electric system.

The N. P. and N. E. Brainerd teams met last evening and after a close contest, with the score 4 to 2 in the fifth inning, the N. E. Brainerd team left the field; this was due to what many who saw the play say it was a poor decision by the umpire; it must be admitted that any umpire is likely to make mistakes, and that there should be two umpires will be admitted also. Score by innings:

N. P. 0 1 1 0 2-4
N. E. Brainerd..... 0 0 1 0 1-2
Bases on balls; off Curry 4; off Davidson 1; two-base hit Shodal; hit by pitched ball; A. Swanson, Shodal, Curry; struck out by Curry 6; by Davidson 7; hits off Curry 3; off Davidson 1. Umpire A. Lagerquist; scorer Manville; time of game 1 hour.

The game tonight is to be between the Crescents and North Star Jr. This game has been postponed once or twice already.

FOURTH AT CROW WING

National Holiday Will be Celebrated at Village Down the Mississippi River

There will be a Fourth of July celebration at Crow Wing. There will be dancing at Crow Wing hall both afternoon and evening. There will be a base ball game between the Crow Wing team and a team from Brainerd. There will also be other athletic sports and a general good time. Refreshments of all kinds will be on sale.

DEERWOOD NOTES

Mrs. Beriah McGoffin, Jr., Miss Rosa Moonchine, her sister and Mrs. Tom Cole were Brainerd visitors between trains on Wednesday.

Mons Mahlum and Mr. Dunn the banker, both of Brainerd were Deerwood visitors on Thursday.

Mr. and Mrs. H. J. Hage left last week for an extended visit in the southern part of the state with relatives and friends.

Mrs. Harry Patterson has been on the sick list for a few days, but is now feeling much better.

Mr. Thabes and Ralph Anderson finished their job of lathing and plastering the bakery and the Swanson house on Tuesday.

The Swedish Ladies' Aid will give a lawn social on Saturday evening, July 11, on Benson's lawn. The ladies will serve ice cream and cake and if things are favorable the band will play during the evening, at least they expect to play if enough of the boys are here that evening so they can play.

Mrs. John Brandt's sister is here visiting her from St. Paul.

Frank Hughes, who has been spending a couple of months at his cottage at the foot of Serpent lake, returned to Duluth on Monday to resume his work in the Duluth postoffice. His family will remain here for the time being at least.

Arthur Vinje is up from Superior overseeing the rebuilding of the roof of the Vinje cottage on Serpent lake, which the storm destroyed on Monday last.

Joe Nelson from Duluth, came up on Sunday and remained for a couple of days renewing acquaintances and looking after some property he owns here. He has not been in Deerwood for twelve years and was very much surprised at the changes that had taken place.

The Norwegian Ladies' Aid will be entertained at Mrs. Harry Patterson's on next Thursday, July 9.

Oscar Carlson returned from a trip up to Duluth on Monday evening.

Olson Skau went to Brainerd Tuesday noon.

Miss Dena Tedholm is staying at the home of Charley Lofholm's while she is recovering from an operation for appendicitis.

Paul Wasserzieher returned to his home at Proctor Knott on Tuesday morning, being called there by the illness of his father, Otto Wasserzieher.

The members of the Deerwood amusement club are making extensive preparations for the Fourth. They have been promised a speech by Judge Fleming and will endeavor to have C. D. Johnson also give us a humorous selection for the occasion, and besides the speeches there will be races, flag raising, fireworks in the evening, a ball game and a concert by the band. There will be a dancing in the afternoon and evening for those who wish, and all are planning on a good time.

"Well, why don't you say you wish you were a man?" asked Mr. Potts during the little discussion he was having with his spouse about matters of domestic management. "Because I don't wish anything of the sort," she retorted. "I only wish you were one."

THE WORK IS COMPLETED

Work of Ballasting Big Fork and International Railroad is Now Complete

TRACK IS IN GOOD SHAPE

Construction Work Closed and Train Taken off Wednesday Evening of This Week

Supt. Strachan reports that the work of ballasting the Big Fork and International railroad has been completed. The construction was still incomplete when winter closed in last season and the work of ballasting was left to the Minnesota & International railroad company, which operates the entire line. The work has been handled under difficulties because of the large amount of rain and wet weather. It has been successfully completed, however, and the construction crews were taken off Wednesday night. The track between Big Falls and International Falls is now in good condition as any on the line between here and the border, though it will be more affected by rains and frost than the older line until it gets perfectly settled.

THINKS IT SAVED HIS LIFE

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." MERCHANT MURDERED.

Shot by Two Men Who Tried to Rob Him

Joliet, Ill., July 2.—August Beltzner, sixty-five years old and one of the most prominent business men of this city, was shot and killed while resisting two holdup men in his grocery store shortly after 8 o'clock at night. The murder has aroused the citizens to a high pitch and posesses have been formed in hopes of capturing the bandits. Beltzner was counting the day's receipts when the holdup men entered his place of business. He resisted their demand for the cash and they opened fire upon him.

The Toast of an Irishman.

Michael Meyers Shoemaker wrote "Wanderings in Ireland." An old Irishman read a fragment of it that related to the reader's neighborhood. He asked the name of the author. "Mr. Shoemaker, is it?" he commented. "A nice gentleman, I'll go ball. 'Tis a fine country he chose to travel in too. May the heavens be his bed for choosing it, and may every hair in his honor's head be a mold candle to light his soul to glory!"

Dying Younger.

In view of all that has been said about the fall in the death rate, it seems strange to realize that we are not living so long as our grandfathers and grandmothers did. More babies live to grow up nowadays than formerly, but people in later life die younger. Once arrived at adult age the average man or woman has fewer years of survival to expect. This seems on the face of it so surprising a statement that in order to be accepted it should be backed up by data authentic and indisputable. Such data are furnished by the figures of the insurance companies, which all agree on the point, but it is easier to refer to the government census reports, which tell the tale in simple and convincing fashion. Even during the last fifteen years the death rate among all persons over fifty-five years of age of both sexes has risen very considerably.—Health Culture.

HOW TO KEEP YOUR HAIR BEAUTIFUL

This is a question asked every minute in the day by someone: "How can I make my hair beautiful, or how can I promote its growth? How can I save it from coming out?" etc., etc.

Can you recall the first letter or composition you ever wrote? At that time you thought it a very hard task and complained to your parents at being compelled to do it. It is not so hard now, you understand it. Just so with your hair. When you understand its requirements it will be just as easy for you to have beautiful hair as it is for you to write a letter or composition now. Beautiful hair may be acquired by any one who will follow my instructions, which are simple. USE E. BURNHAM'S HAIR AND SCALP TONIC. If you have gray hairs, use BURNHAM'S GRAY HAIR RESTORER AND TONIC, which turns gray hair gradually back to its youthful color. E. BURNHAM'S HAIR AND SCALP TONIC is acknowledged the standard of the world. It has made thousands of people happy. It will please you.

FREE—A sample bottle of Hair Tonic, including a bottle of Cucumber Cream, or Gray Hair Restorer, and our new booklet, "How to be Beautiful," sent on receipt of 10 cents, to cover mailing expenses. Address:

JACOBSON NOMINATED.

Choice of Minnesota Republicans for Governor.

St. Paul, July 2.—The Republican state convention, in a brief and harmonious session, nominated the following state ticket:

For governor, J. F. Jacobson, Madison; lieutenant governor, A. O. Eberhart, Mankato; secretary of state, Julius A. Schmah, Redwood Falls; state treasurer, C. C. Dinehart, Slayton; attorney general, George T. Simpson, Winona; railroad and warehouse commissioners, Ira B. Mills, Moorhead, and C. E. Elmquist, Rush City.

The platform, in effect, endorses the policies of the Republican party as enunciated in the Chicago platform.

A Woman's Back

Has many aches and pains caused by weaknesses and failing, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It is the most potent female tonic and strengthener now known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equalled. Little sugar-coated granules—easy to take as candy.

JACOBSON IS CHOSEN

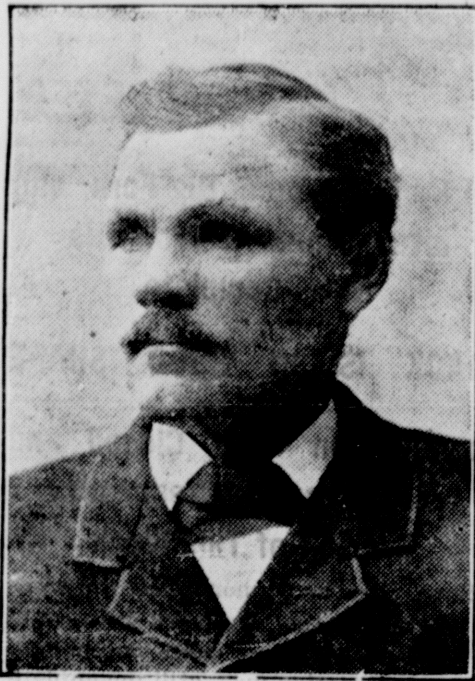

Nominated for Governor by Minnesota Republicans.

SELECTED BY ACCLAMATION

Other Candidates for the Position Withdraw—A. O. Eberhart of Mankato Named as Candidate to Succeed Himself as Lieutenant Governor.

St. Paul, July 2.—In a single session lasting but three hours the Minnesota Republican state convention nominated J. F. Jacobson of Madison for governor and adopted a platform endorsing the work of the Chicago convention and pledging the party in Minnesota to continue the work of railway regulation.

Mr. Jacobson was nominated by acclamation, after Attorney General Edward T. Young and Samuel P. Snider of Minneapolis, opposing candidates, had withdrawn from the race and seconded the nomination of the Madison man. Joel Heatwole, who also had been a candidate for governor, did not withdraw from the race, but his name was not presented to the convention.

J. F. JACOBSON.

Though the nomination was to have been made by acclamation, it was observed that the Winona county delegates, who come from Heatwole's district, did not vote.

The following is the state ticket nominated by the convention:

For governor, J. F. Jacobson, Madison.

For lieutenant governor, A. O. Eberhart, Mankato.

For secretary of state, Julius A. Schmah, Redwood Falls.

For state treasurer, C. C. Dinehart, Slayton.

For attorney general, George T. Simpson, Winona.

For railroad and warehouse commissioners, Ira B. Mills, Moorhead, and C. E. Elmquist, Rush City.

All these men with the exception of Messrs. Jacobson, Simpson and Elmquist, hold the offices for which they were nominated. All nominations except those of railway commissioners were made by acclamation.

Eddy Nominates Jacobson.

Mr. Jacobson's name was presented to the convention by Former Congressman Frank Eddy, who aroused laughter when he said, "The only reflection any one has been able to cast on our candidate is that he eats pie with a knife."

"He is a rough, rugged, natural man. We could not have him any different if we would and we would not if we could."

The demonstration that succeeded the nomination speech of Mr. Eddy had not subsided when Attorney General Young rose to second the nomination, thereby throwing the convention into a fever of enthusiasm. He was followed by Mr. Snider, who also made a seconding speech.

Because of the inability of the various candidates for governor to agree on a temporary chairman, the state committee left that work to the state convention. The name of John H. Steele alone was presented and he served both as temporary and permanent chairman.

After the nomination of candidates the platform was adopted and the convention adjourned.

When the convention was called to order the nomination of J. F. Jacobson for governor appeared inevitable. A few minutes before Attorney General Edward T. Young withdrew from the contest and announced that he would second the nomination of Jacobson.

In his speech calling the convention to order State Chairman Cole, brother of the late Albert Cole, the defeated Republican nominee two years ago, asked the party, in his brother's name, to be loyal to the ticket nominated.

Judge John H. Steele of Hennepin county was placed in nomination for temporary chairman. He was elected by acclamation.

Judge Steele spoke briefly in assuming the chair. He eulogized Taft as the man best equipped by training and natural ability of any man ever selected for the presidency. The Republican party in Minnesota, he said, would not make any mistakes this year or repeat the foolishness that has placed a Democrat in the governor's chair. Harmony in this campaign would insure the election of the entire Republican ticket.

A. J. Rockne of Zumbrota was selected for secretary and the following

as assistant secretaries: C. S. Edwards, Albert Lea; David H. Lawrence, Two Harbors, and John A. Datzell, Morton. Lawrence was a candidate for secretary and there was a little mixup that was settled by R. B. Brower.

Julius A. Schmah then moved that as there were no contests a committee on credentials be dispensed with. This was carried and on motion of George V. B. Hill of Minneapolis, the temporary organization was made permanent.

W. E. Lee then moved the appointment of a committee of fifteen on resolutions, one from each congressional district and six at large. Chairman Steele appointed F. M. Wilson of Red Wing, Tams Bixby, St. Paul; L. O. Cooke, Kellogg; L. S. Swenson, Minneapolis; E. B. Colester, Waseca; J. W. Andrews, Mankato; W. E. Lee, Mankato; George J. Bradley, Norwood; George W. Somerville, New Ulm; B. N. Anderson, Albert Lea; P. E. Dowling, Eveleth; H. L. D'Armes, Hector; D. P. O'Neill, Red Lake; Albert Berg, Warroad; R. B. Forrest, Murray county.

Dr. A. B. Cole started things by moving that the convention proceed to nomination. Someone called out, "How about the resolutions committee?"

"The committee on resolutions can go out of stay here," replied Chairman Steele.

Frank M. Eddy was greeted with an outburst of cheers as he stepped to the front of the stage to nominate Jacobson.

Mr. Eddy said, in part:

"Though the candidate may be unfortunate in the man who is to present him I am fortunate indeed in the candidate whose name I present. His private life and public record proclaim his worth, and the voter who doesn't know his name is enveloped in an ignorance so dense that I cannot hope to penetrate it."

Jacobson a Rough Rider.

"He was a rough rider when the man who made that a synonym for honesty in politics was riding a hobby horse. He stood for the 'square deal' long before the man who has made that phrase famous had quit playing in alleys. He not only stood for the 'square deal' but for an honest shuffle and a straight cut, without which a 'square deal' is not possible. Upon the public record of this state he has blazed his name. He has stood for what he thought was right with persistence and courage."

"It is superfluous to name him. You all know who he is. I will only paraphrase a famous couplet and say, 'If you ask us where he hails from We've but one reply to make. He comes from Minnesota. And the people call him Jake.'"

Tumultuous applause swelled from the big audience when Attorney General E. T. Young called for the floor and the scene resembled a national convention, for many of the delegates in their enthusiasm arose to their feet and waving their hats and handkerchiefs, shouted at the top of their voices.

"I have always noted at conventions that the most popular man was the one who had been defeated," remarked Mr. Young in opening. General laughter greeted this remark. "It is better to be loved after one has laughed than never to have been loved at all. I rise to second the nomination of J. F. Jacobson as our candidate for governor. I want to assure you with perfect candor that I make this motion with much pleasure. It is not everything to secure a nomination. The Republican party stands for more than the ambition of any one man. It is not and ought not to be any humiliation for those who lose to afterwards support their successful competitors."

"This has been a friendly competition. No policies or principles were involved, for we all stood for the same principles. I will retire from this contest without a shade of ill will toward anyone, and it is gratifying to me that he who has defeated is worthy of respect. I will bespeak for him the entire and united support of the Republican party of the state."

Snider Seconds Nomination.

Captain S. P. Snider seconded the nomination of J. F. Jacobson in a speech which he read. He pledged his best efforts in support of the nominee.

Captain Snider retired from the platform amid a hearty outburst of cheers, and John G. Lennon of the Hennepin delegation moved that nominations be closed and the nomination of Mr. Jacobson be made unanimous.

From all parts of the convention hall there were calls for Mr. Heatwole, in the expectation that he would second the nomination of Mr. Jacobson. But there was no response, and Mr. Lennon then renewed his motion. Dar Reese protested that the motion was out of order, as there was one citizen of Minnesota, Joel P. Heatwole, still a candidate before the convention. He closed the remark by saying, "and while I am on my feet, I take great pleasure in seconding the nomination of J. F. Jacobson of Lac qui Parle."

Mr. Foss of the Grant county delegation also spoke briefly, seconding the nomination of Jacobson. J. G. Lennon of Hennepin then moved that the secretary be instructed to cast the unanimous vote of the convention for J. F. Jacobson of Lac qui Parle.

Ripley B. Brower of St. Cloud then moved that the nomination of J. F. Jacobson be made by acclamation and a rising of delegates to their feet. The entire convention arose and made the nomination unanimous.

M. J. Dowling of Olivia then moved that a committee of three be appointed to wait upon Mr. Jacobson and escort him to the hall. A. F. Rice of Willmar protested that Mr. Jacobson was not nominated yet, since all the

convention had done was to pass a motion to nominate him by acclamation. He was overruled and Chairman Steele then appointed as the notification committee Mr. Jacobson's three rivals, E. T. Young, S. P. Snider and Joel P. Heatwole.

On motion of Dar F. Reese the convention then went ahead to nominate the rest of the ticket. Lieutenant Governor A. O. Eberhart was placed in nomination by Dr. J. W. Andrews of Mankato. Eberhart was seconded by George H. Sullivan of Stillwater and John E. Diamond of Minneapolis, and on motion of Mr. Wilson of Mankato the nomination was made by acclamation.

C. T. Howard of Redwood Falls nominated Julius A. Schmah for another term as secretary of state, and J. F. Calhoun seconded the nomination, which was made by acclamation. C. C. Dinehart of Slayton was re-nominated for state treasurer on motion of Mr. Todd of Slayton.

J. J. McCaughey of Dodge county nominated George T. Simpson of Winona for attorney general. John P. Nash seconded the nomination for Hennepin and A. D. Gray of Preston, who had been mentioned as a possible rival, made a short seconding speech. Simpson was named by acclamation.

Then came a big fight on the two nominations for railroad commissioner. Chicago county presented C. E. Elmquist of Rush City and his name was seconded by J. F. Calhoun of Hennepin. Clay county presented Ira B. Mills and Hennepin county seconded him through George V. B. Hill. Dar Reese for Ramsey county seconded Mills and Elmquist.

Joseph Underleak of Chatfield nominated A. C. Aady of Rock Dell, Olmstead county, and W. H. McBride of Fergus Falls nominated John H. Grass of that city.

Created a Sensation.

Senator E. H. Canfield of Luverne and Senator B. E. Sundberg of Kennedy seconded Grass and Grant, Pine, Wilkin also seconded Grass. H. T. Halbert of St. Paul created a sensation by shouting in stentorian tones that on behalf of a few independent delegates from Ramsey county he seconded the nomination of Grass. The convention then proceeded to a roll call.

When the ticket had been nominated, J. F. Jacobson was led to the platform by Messrs. Young and Snider. His acceptance speech was brief and to the point.

While the convention was waiting to hear the vote on railroad commissioner, and after Mr. Jacobson's speech of acceptance, Frank M. Nye of Minneapolis and Senator Clapp of St. Paul made short addresses.

It was then announced that Judge Ira B. Mills and C. E. Elmquist had been nominated for railroad commissioners.

The convention by a rising vote adopted resolutions expressing deep sorrow over the death of Albert L. Cole, the party's candidate for governor in the last campaign.

The resolutions express deep admiration for President Roosevelt and appreciation of his exceptional services to the country, and declare that by punishing with unsparring hand the lawbreaker, whether obscure or powerful, he has created a wider respect for law and order.

While regretting the prospective loss to the country of the leadership of Roosevelt, the Republicans of Minnesota rejoice in the fact that in W. H. Taft he will have a worthy successor, strong, capable and energetic, the man who above all others is best fitted by training and by temperament to take up the work which Theodore Roosevelt so successfully inaugurated.

Sherman's Selection Endorsed.

The selection of James S. Sherman of New York as the Republican candidate for vice president is heartily endorsed. The platform adopted by the national Republican convention is endorsed, and the services of the Republican senators and congressmen from Minnesota are commended.

Regarding the tariff, the resolutions declare in favor of revision as declared by the national Republican party in its recent convention at Chicago, and that such revision should provide for only such duties as are necessary to equalize the difference in cost of production at home and abroad and continue the high standard of living and maintenance of the standard of wages heretofore paid to American labor.

President Roosevelt's policy for the conservation of our natural resources and the extension of our system of waterways is commended, and a state policy of reforestation is urged.

The declaration of the Republican national platform favoring the control by federal authority of future issuance of securities by interstate carriers, is endorsed, and a similar policy is advocated on the part of the state as to carriers within its control.

Revision and amendment of the state tax laws are advocated, so that property shall contribute its just measure of the state and local expenditures.

The resolutions point with pride to the record of the Republican party in the nation and state, and refer with pride to President Roosevelt's championship of the cause of labor in urging the enactment of an employers' liability law covering the defects of the law that the federal supreme court declared unconstitutional.

Regulation and control of the liquor traffic in this state is favored and such legislation urged that may be necessary to strengthen the laws and insure their strict enforcement.

The work of the state immigration commission is commended, and a uniform system of good roads and adoption of modern laws to equitably apportion the cost thereof is favored.

WOMAN IS IDENTIFIED.

Victim of Chicago Tragedy Formerly Lived in Fargo, N. D.

Chicago, July 2.—The identity of the body of a woman found in a rooming house on Michigan avenue early Wednesday morning as that of Mrs. Mannie Thompson, formerly of Fargo, N. D., was established by the testimony of residents of Oak Park, a suburb of this city, by whom she had been employed. Mrs. Thompson's husband, it is said, is a school teacher in the Western city and he is reported to have been in Oak Park recently in an effort to persuade his wife to return West with him. The woman, who was also known as Anna Raymond, refused his request, however, and left the village until after his departure for his home. The police search for clues as to the identity of the woman's slayers has been a failure thus far. The descriptions obtainable of the woman's companion at the rooming house have been indefinite and no trace has been found of the housekeeper of the place, who disappeared Monday afternoon. The only additional evidence found was an alarm clock which had been set for 2 o'clock and stopped at six minutes before that hour. The police are inclined to believe from this that the murder took place shortly after 1 o'clock Monday morning.

Identification was made certain when the police found Walter C. Gilmore, an employee of the Western Union Telegraph company, who viewed the corpse and declared that it was that of his sister. He said that the woman was born in Toronto, Can., in 1881, and that the family later lived in Minneapolis. She was married to Edward Thompson, a school teacher, in Fargo, N. D., in December, 1904. She left him six months later and came to Chicago.

The police learned that Mrs. Thompson had been employed as a servant by several families in Oak Park but in most instances she was discharged because she kept late hours and wore too many diamonds. Several purchase slips from Chicago jewelry stores were found among her effects but with the exception of a few trinkets the articles which these recorded were missing.

Boy Killed by a Handcar.

Minneapolis, July 2.—After having suffered for several hours, James Lyons, seventeen years old, who was working as section hand to secure funds to complete his education, died at Hopkins, a suburb of Minneapolis, as the result of injuries received by falling from a handcar. Young Lyons and another man were running the handcar at the time of the accident. In some way the handle sprang up and knocked the boy off the car onto the track, the rear wheels of the car badly crushing his head and injuring him internally.

BAFFLES THE POLICE.

Wilson Poison Mystery at Philadelphia Unsolved.

Philadelphia, July 2.—The solution of the Wilson poison mystery in this city, which the authorities said would be made complete Wednesday, has not materialized and it is admitted that the police are no nearer to an arrest of the person or persons who sent the supposed poison to Dr. Wilson in a bottle of ale, than they were on Monday. The detectives intimate that a woman very probably figured in the case and that if she can be found probably will be arrested. Just what the woman may have to do with the case no one will say. The civil authorities invoked the aid of the postal inspectors to assist them in finding where the letter was mailed which Dr. Wilson received notifying him that a sample bottle of ale had been shipped to him.

JOHNSON MEN AT DENVER

Representatives of the Minnesota Governor Discuss the Situation—Neither Judge Gray Nor Governor Johnson Wants Vice Presidential Nomination

Denver, July 2.—Claiming a victory on the first ballot, but overlooking no possible chance to make their triumph complete, the followers of Mr. Bryan have been watching for any move on the part of his rivals that would compel him to go single handed against the field, as Taft was obliged to show his strength in the early stages of the Chicago convention against the combined forces of the "allies." The arrival, however, of the personal representatives of Judge Gray and Governor Johnson, the only candidates who are now expected to enter the race against Mr. Bryan, has failed to disclose any common ground of agreement between them.

The Gray managers asserted that they had no intention of entering into a coalition with the followers of Governor Johnson and had not received from them, or made to them, any overtures for a combination. The same disclaimer of a desire to pool issues was made by the Johnson people after their arrival. They said that they had no other object in view but the nomination of Governor Johnson and intended to make their fight for that purpose only.

This attitude which the Gray and Johnson people have assumed has led to considerable conjecture of a vice presidential character. The followers of Mr. Bryan profess to believe that the refusals of the Gray and the Johnson men to make a combined fight against the strength of Mr. Bryan means that they are not averse to occupying positions in which they can avail themselves of Bryan votes for second place in the event of his nomination for the presidency.

Bryan People Are Wrong.

On this point, however, both Mr. Lynch for Governor Johnson and Mr. Marvel for Judge Gray insist that the Bryan people are utterly in the wrong. Their men, they say, are out for the first place and giving no consideration to the vice presidency.

The chief arrivals in point of political importance were those of Frederick B. Lynch, Frank A. Day, D. W. Lawler, mayor of St. Paul, and Richard T. O'Connor of the same city, all of them enthusiastic supporters of the Minnesota governor. Messrs. Lawler and O'Connor arrived several hours ahead of Mr. Day and Mr. Lynch, and were in Denver but a short time. They went later to Colorado Springs, where they will remain for two or three days. They expect to be joined there by other members of the Minnesota delegation, and it is possible that the various members of the committee may be selected before the Johnson men return to Denver. It is practically certain, however, that the member of the committee on resolutions will be chosen, although neither Mayor Lawler nor Mr. O'Connor were able to say who this would be.

Mayor Lawler, who acted as spokesman, while Mr. O'Connor filled a thinking part and came in strong with nods of approval after the mayor had declared himself, said that all talk of Governor Johnson taking second place on the ticket is utter nonsense.

"He will not take it," said Mayor Lawler. "It is out of the question to talk of such a thing. Even if the governor were himself disposed to accept the vice presidential nomination, and I assure you he is not, the people of Minnesota would not permit him to do so. The Democrats of Minnesota and his real friends throughout the country are not willing that Governor Johnson shall be sidetracked into the vice presidency. He is too big a man for that place and he belongs in the presidential chair if he goes to Washington at all."

Expects Johnson's Nomination.

The mayor was not prepared to discuss the platform or the vice presidential situation. He was, however, emphatic in his statement that he expected Governor Johnson to be nominated. "I do not believe," he said, "that any nomination will be made on the first ballot. There are many uninstructed delegates, in fact more than one-third of the convention is uninstructed, and we do not believe that under such circumstances any nomination will be made immediately. We look for Governor Johnson to make an excellent showing on the first ballot and to steadily gain strength from that time until he is nominated, and

we do not expect that many ballots will be necessary."

Mr. Lynch made nothing but positive statements in summing up the situation for Governor Johnson.

"Governor Johnson's name will be presented to the convention by Representative Hammond of Minnesota," he began, "and the governor will be nominated for the presidency on the second or third ballot."

"Mr. Bryan has not got two-thirds of the delegates. We do not say that Governor Johnson has all of the 400 delegates which Bryan has not secured, but he will have at least 300 of them on the first ballot. Then will come into operation the law of 'instruction.' Bryan's delegates will have fulfilled their instruction as a rule by voting for him on the first ballot. A large percentage of these Bryan-instructed delegates are really for Johnson and they will be at liberty to vote as they desire after fulfilling their instruction to Bryan on the first ballot."

Mr. Lynch said the Johnson strength was mostly from the East and South, with his own state behind him. He said Governor Johnson was not a candidate for the second place on the ticket; that the governor had never been asked to take the place and that the governor did not regard himself as the logical man for the second place in the event of Bryan's nomination. His choice in this event, Mr. Lynch stated, was former Governor Douglass of Massachusetts.

Will Make an Energetic Fight.

The Johnson headquarters will be formally opened at the Albany hotel and the campaign managers for the Minnesota governor promise an energetic fight from that time on until a nomination has been made by the convention.

Headquarters for Judge Gray in the Savoy hotel are in full swing under the direction of Josiah Marvel of Wilmington, Del., and R. J. Beamish of Philadelphia.

No definite time has yet been set for the opening of headquarters for Mr. Bryan, which will be at Brown Palace hotel. There have been as yet few arrivals of men influential in the Bryan movement, the chief direction of his affairs in Denver having been so far in the hands of James C. Dahlgren, mayor of Omaha.

Discussion of the platform continues to be largely confined to the anti-injunction plank, and the latest information from Lincoln regarding Mr. Bryan's attitude toward that portion of the resolutions was brought by Frank S. Monnett, former attorney general of Ohio, who arrived in Denver with the announcement that Mr. Bryan desired him to address the resolutions committee on the legal phase of an anti-injunction plank. Mr. Monnett personally is in favor of a strong utterance upon the subject. He conferred with Mr. Bryan at Lincoln on Tuesday.

Samuel Alschuler, who is the probable member of the committee on resolutions from Illinois, declared that he did not believe that the anti-injunction plank to be adopted at the convention would be of such a character that any controversy would be provoked by it.

TOWNE MEETS BRYAN.

New Yorker Confers With the Nebraskan at Lincoln.

Lincoln, Neb., July 2.—Charles A. Towne of New York was a visitor at Fairview. Mr. Towne, who is an avowed candidate for the Democratic nomination for vice president as well as an old time personal friend of Mr. Bryan, stopped off here for the express purpose of discussing vice presidential politics with the leader. Mr. Bryan was expecting him and for half an hour they remained closeted.

At the conclusion of the interview Mr. Towne admitted that his candidacy as well as the platform had formed the main topics of conversation.

"New York is the logical state to furnish the vice presidential nominee," said Mr. Towne. "The public does not seem to realize the number of Democrats there are in Northern New York. I have been assured by friends from all parts of the country of support for myself. Assurances of an unmistakable character were given me by leading New York Democrats before I would permit the use of my name."

Montana for Bryan.

Bozeman, Mont., July 2.—The Montana state Democratic convention instructed the delegation of six to the national convention at Denver to vote for W. J. Bryan for the presidential nomination as long as the name of the Nebraskan is before the convention. Former United States Senator W. A. Clark heads the national delegation.

TROUBLE IN MEXICO

Reports Regarding It Said to Be Exaggerated.

ATTACKS MADE ON VILLAGES

Invariably Have Been by Small Bands of Malcontents, Who Were Driven to Deeds of Desperation by Lack of Work.

Mexico City, July 2.—In a statement made to the Associated Press on behalf of the Mexican state department by Secretary of Foreign Affairs Senor Frederico Gamboa, that official said:

"In order that the absurdly exaggerated reports regarding the recent trouble in Northern Mexico may be corrected, I am giving you access to certain official correspondence, which will prove that the contention of the Mexican state department that the recent troubles had no political significance are well grounded."

A number of telegrams and official documents were thereupon shown the correspondents, which set forth the following facts:

That the recent attacks on the villages of Viesca, Las Vacas and Palomas were made by small bands of malcontents, who were driven to deeds of desperation by lack of work, consequent hunger and an enmity towards the local officials. These men had been furnished literature of an anarchistic and inflammatory nature by agitators in Los Angeles, Cal.; San Antonio and Austin, Tex., and St. Louis, Mo. In no instance had a representative man led the attacking parties, nor had the largest group of raiders numbered more than sixty men and that the trouble was practically over.

Continuing, Mr. Gamboa said: "As you have seen, these attacks have been made on villages near the boundary line which separates the United States and Mexico, by small groups of unemployed and ignorant men of the lower class."

"It seems that some of them came from the United States side and it is claimed the conspiracy was hatched on that side. For that reason, Mexico maintains that all of the raiders are guilty of common crimes and those caught on Mexican soil will be tried for such, while of those apprehended in the United States, Mexico will ask the extradition as we would of any criminal guilty of the crime of arson, murder or robbery."

"Mexico was taken completely unaware by the attacks and for that reason asked the co-operation of the United States in preserving the neutrality laws. The government and the people feel deeply grateful for the manner in which the co-operation has been given, even though the trouble is of such minor significance. That is the plain truth regarding the so-called revolutionary movement."

BAD WRECK IN IOWA.

One Man Killed and Three Others Badly Injured.

Des Moines, Ia., July 2.—One man was killed, three were seriously injured and half a dozen others were slightly hurt in a wreck when a Great Western work train crashed into the Rock Island, Indianola local at the East Sixteenth street crossing. The truck of the tender on the work train passed entirely into the smoking car of the Rock Island passenger train, penning seven persons in the rear end of the car. The turning of the coach sent three trucks pounding on the prostrated form of Baggageman W. H. Urbahns of Valley Junction, so injuring him that he died in the hospital.

The wreck was caused by the efforts of the engineers of both trains to make the crossing at the same time. The Indianola train, composed of engine, tender, the smoking car and the day coach, was half way across the intersection when it was struck in the middle by the tender of the work train engine.

The seriously injured are H. C. Fowler, Chillicothe, passenger, rib broken; E. G. Tuggles, Oelwein, Ia., crushed and bruised; D. F. Sanders, Carlisle, Ia., head bruised and cut.

Professor Harvey Elected President of National Educational Association.

Cleveland, O., July 2.—Lorenzo Dow Harvey, Ph. D., superintendent of public schools and superintendent of the Stout Training school at Menominee, Wis., was elected president of the National Educational Association at the general business session. Professor Harvey was opposed by Dr. W. O. Thompson, president of the Iowa State university, and J. H. Phillips, superintendent of public schools, Birmingham, Ala. The treasurer, A. H. Chamberlain, Pasadena, Cal., was re-elected.

GOTCH DEFEATS ROLLER.

Champion Retains His Title in Match at Seattle.

Seattle, Wash., July 2.—Frank Gotch of Humboldt, Ia., maintained his right to the world's championship when he outclassed Dr. B. T. Roller of Seattle, winning two consecutive falls in 15 minutes and 25 seconds, and 25 minutes and 54 seconds, respectively. The men entered the ring weighing close to 200 pounds each. Gotch worked his toe hold six times in succession in the first bout. Roller broke away each time, but it wore on him, and finally Gotch downed him with a crotch and half Nelson.

Roller did better work in the second bout, but Gotch went from head to heel with startling rapidity. Roller best work in this bout was to break a half Nelson and crotch after he was seemingly lost. He was finally picked up and dumped to his shoulders from the same position.

BREAKS ALL RECORDS.

Count Zeppelin's Balloon Remains in the Air Twelve Hours.

Friedrichshaff, July 2.—Count Zeppelin has outdistanced all world's records for steerable balloons. He remained in the air for twelve hours, traversed the greater part of Northern Switzerland and visited Zurich, Winterthur and Lucerne, attaining an average speed throughout of thirty-four miles an hour. His airship displayed splendid qualities of dirigibility and answered the slightest movement of the helm, while its stability was quite up to the greatest expectations.

Cut to Pieces by a Train.

Grand Rapids, Minn., July 2.—The scattered remains of a man were found strewn along the track for nearly 200 feet at the east end of town. From clothing and other evidences found on the body it was identified as Carl Johnson, a laborer, who had been in town the night before. It is supposed that he went to sleep on the track and that the westbound midnight flyer on the Great Northern hit him.

Memorial to Lincoln.

Washington, July 2.—A magnificent highway extending from this city to Gettysburg, Pa., a distance of seventy-two miles, as a national memorial to Abraham Lincoln is the recommendation made by James T. McCleary, second assistant postmaster general and formerly a member of congress from Minnesota, to the Abraham Lincoln memorial commission.

Bishop Potter Dying.

Cooperstown, N. Y., July 2.—Bishop Henry Codman Potter of the Protestant Episcopal diocese of New York is near death's door and the end may come at any moment.

Republicans of Vermont.

Montpelier, Vt., July 2.—Lieutenant Governor George A. Prouty of Newport was nominated for governor on the first ballot at the Republican state convention held in this city. Dr. John A. Mead of Rutland received the nomination for lieutenant governor and Guy W. Bailey of Essex Junction received that for secretary of state. State Treasurer E. H. Deavitt of Montpelier and State Auditor H. F. Graham of Craftsbury were renominated by acclamation and John G. Sargent of Ludlow was named for attorney general.

KELLOGG OUT OF IT

Will Not Be Chairman of Republican Committee.

NEVER DESIRED POSITION

Finally Succeeds in Impressing Upon His Political Friends That His Name Must Not Be Further Considered for the Chairmanship.

New York, July 2.—After a day of gossip concerning the chairmanship of the Republican national committee, it was learned definitely that Frank B. Kellogg of Minnesota is out of the race in which he has never voluntarily taken part.

There were rumors that Mr. Kellogg had been decided upon and the fact that he took luncheon with President Roosevelt at Sagamore Hill was construed as strengthening this report. When seen at his hotel here, Mr. Kellogg had nothing to say regarding the report, but it was learned that during the conference at Oyster Bay, in which the president, Mr. Kellogg and National Committeeman William Ward of New York participated, and that again when Mr. Kellogg and Ward met Elmer Dover, secretary of the national committee, at the Waldorf-Astoria. Mr. Kellogg's name was tentatively considered. Mr. Kellogg, however, succeeded in impressing upon his political friends that his name must not be further considered for the chairmanship.

Mr. Kellogg's position as counsel for the government in the Standard Oil and other prosecutions is in itself held by him to be sufficient to preclude his selection as the manager of Mr. Taft's campaign. It was said that this was the strongest argument presented against Mr. Kellogg's choice by himself.

POLITICAL CONFERENCE.

Held at Oyster Bay Between Roosevelt and Kellogg.

Oyster Bay, N. Y., July 2.—There were political developments of considerable significance here bearing upon the Republican national chairmanship. These seemed to confirm the conviction recently expressed in these dispatches that Frank B. Kellogg of Minnesota is favored by Secretary Taft and possibly by the administration as the man to head the Republican national committee and to manage the coming campaign.

It would be going too far to say that the selection of Mr. Kellogg has been decided upon and that he will be chosen for the chairmanship at Hot Springs, Va., next week, but the circumstances surrounding a consultation held here in which President Roosevelt, Mr. Kellogg and National Committeeman William L. Ward, New York, participated, gave substance to the earlier report. But upon the heels of this rumor came a hint that Mr. Kellogg's mission was really on behalf of Frank H. Hitchcock, heretofore most persistently discussed relative to the chairmanship. No statement on the subject was forthcoming from any one of the conferees and information concerning the conference was denied. Later it became known definitely that Mr. Kellogg not only did not wish

the chairmanship, but would refuse to accept it. Whether during the conference Mr. Kellogg was asked to take this important post was not made known, but that he will not be the national chairman is generally accepted here.

Mr. Kellogg went to New York, where he will meet Secretary Elmer Dover of the national Republican committee, and possibly others of political importance.

There are some men who can't take home a beefsteak without believing they are taking their wives a present. —Atchison Globe.

July 2 In History.

1724—Frederick Theophilus Klopstock, German poet, born; died 1803.
1850—Sir Robert Peel, British Liberal statesman, died; born 1788.
1881—President James A. Garfield, Garfield shot in the railroad station at Washington. The assassin proved to be Charles J. Guiteau, a disappointed applicant for office.
1896—Harriet Beecher Stowe, American author, died; born 1811.

ASTRONOMICAL EVENTS.

Sun sets 7:31, rises 4:29; 2 p. m. earth at aphelion, farthest from sun; moon at apogee, farthest from earth.

NEARLY ten inches of rain for June is a record breaker.

THE city council at St. Cloud at its last session granted 32 saloon licenses and there are two more in sight. The lid movement in that city has not reduced the number of saloons although the proprietors claim that it has caused a dropping off in business.

THE democrats might as well come in and surrender and make good fellows of themselves, they have been at the head of affairs in Minnesota long enough and the republicans who were good fellows with them two and four years ago will now get back where they rightfully belong, and the democratic brethren might just as well make it unanimous.

THE firemen of the state will have \$150,578.15 divided among them as the

result of the two per cent tax on the fire insurance premiums collected. In cities where there is fire relief associations the money goes to the association, but otherwise it is paid to the city or village treasurer for the benefit of the fire department, and the division is pro rata according to premiums collected in each city.

WITH Jacobson at the head of the ticket and complete satisfaction prevailing over the state at the action taken by the convention in unanimously placing him in nomination for governor there is no question but that the state will be reclaimed from democratic rule in November and that every man on the republican ticket will be elected. It was a love feast such as has seldom been witnessed in a Minnesota convention and it portends success.

THE campaign of Carl E. Taylor, candidate for congress in the Eighth district, will be opened at Spirit Lake on July 4th where the gentleman will deliver an oration. Mr. Taylor is in the city on his way home from the republican state convention and he is of the opinion that his vote will come mostly from the rural districts and he expects that his opponents, Bede and Miller, will divide most of the votes from the cities in the district, although he is not sure that he will not get a look in there.

LOCAL NEWS NOTES

Tuesday was a blue day for Camp Laughalot for they went down before the excellent pitching of Claude Sewell, the star twirler of the Nisswa club, with a 5 to 0 score. Today (Wednesday) the Camp Laughalot boys turned the tide on the Nisswa club and beat them 9 to 4. After the first inning Mills was ineffective and Templeton supported him well behind the bat. The batteries were Camp Laughalot, Mills and Templeton; Nisswa C. Sewell and M. Curler. This makes two games won for Camp Laughalot and one for Nisswa out of the series of five games.

A. W. Scott, of Minneapolis, accompanied by Waldorf Gansley and Norman Johnson, of that city, passed thru Brainerd today enroute to Bemidji. They are traveling by automobile and report a rather strenuous time. They left Minneapolis Monday and broke their main driving shaft at Clear Lake. They telegraphed for another which arrived about 11 o'clock last night. They put the shaft in last night by lamp light and left there about 7 o'clock this morning. They arrived here shortly before the train arrived from the south. They, together with Rev. Irving P. Johnson and a party of friends, are going to an island in Lake Bemidji to spend the summer.

Our Shrinking Sun.

One hundred years ago the diameter of the sun was four miles greater than it is now. One thousand years ago the sun's diameter was forty miles greater than it is at present. Ten thousand years ago its diameter was 400 miles greater than it is today. The present diameter of the sun is 86,000 miles, and if this diameter were to shrink tomorrow to the extent of 10,000 miles the change would not be appreciable to common observation, though a much smaller change would not elude the delicate astronomical measurements.—New York American.

Tom Corwin's Mouth.

Tom Corwin had an enormous mouth. He once said he had been insulted by Deacon Smith. The good brother asked for further explanation about the insult.

"Well," said Corwin, "when I stood up in the lecture room to relate my experience and I opened my mouth Deacon Smith rose up in front and said, 'Will some brother please close that window and keep it closed?'"

The Popular Portrait.

I really cannot arrive at a satisfactory explanation of the question. What makes a portrait popular? A portrait may be greatly admired in a studio and fail to attract much attention in an exhibition, and vice versa. Personally when a portrait pleases a sitter I am satisfied, but that is, of course, a different thing from pleasing the popular taste in an exhibition.—Charles Shannon in London Tatler.

C. A. REIQUAM'S BROTHER KILLED

Met Death by Fall From Tie Train
Near Seely, Minn., Tuesday
Evening

DECEASED WAS TIME KEEPER

Exact Manner of Death Unknown,
but Supposed he Was
Boarding Train

Word has been received here of the death of Andrew Reiquam, a brother of C. A. Reiquam, of this city. It is thought by his relatives here that he was killed while trying to board the tie train of which he was time keeper. The Duluth News-Tribune has the following:

Grand Rapids, June 30—Andrew Reiquam, timekeeper for the tie train of the Great Northern, who was struck on the head yesterday near Seely, died at the hospital late last night. The deceased was 40 years of age and was unmarried.

The manner of Reiquam's death is unknown. However, the cook on the train states that he saw a man fall away from the train and down the embankment. He gave the alarm and the train was stopped and backed to the place where the injured man was picked up. Reiquam did not regain consciousness.

The deceased came from Sweden and was employed on the train by his brother-in-law. Two married sisters reside in Floodwood, Minn., and an aged mother, whose home is in St. Paul, but who is now staying with one of the sisters. The body of the deceased will be interred at Seely, Minn., beside that of his father.

TAFT AND VORYS CONFER

But Chairmanship Question Still Is
Unsettled.

Washington, July 2.—After a conference with Arthur I. Vorys of Ohio lasting two hours and a half, Secretary Taft said:

"You can say absolutely definitely that the chairmanship of the Republican national committee has not yet been settled. You can say also, that no announcement of a decision as to the chairmanship will be made until after I have conferred at Hot Springs, Va., next Wednesday, with the subcommittee of the national committee. I hope this is sufficiently definite and that my statement will be accepted."

Mr. Vorys, the Ohio manager of Mr. Taft's preliminary campaign for the presidential nomination, arrived here to confer with him respecting the national chairmanship.

While it is known that Mr. Taft entertains for Mr. Vorys a high regard and is keenly appreciative of the part which his Ohio manager played in the preliminary campaign, it is understood that Mr. Vorys is not to be named as national chairman. That he will participate in the campaign in an important capacity there is little doubt. At the conclusion of their conference neither Mr. Taft nor Mr. Vorys would make any statement concerning its details.

FOR THE NORTH POLE.

Commander Robert E. Peary Will
Make Another Dash.

New York, July 2.—Commander Robert E. Peary, the Arctic explorer, will make another attempt to find the North Pole. The staunch steamer Roosevelt, built for him by the Peary Arctic club, which carried him and his little party to the Far North on the latest expedition, will cast off her moorings at the foot of East Twenty-fourth street on Monday and begin her northward voyage.

Commander Peary will not leave New York with his ship, but will see her safely started and after remaining a few days here perfecting his final arrangements will go by rail to join his party at Sydney, Cape Breton, where the Roosevelt will stop to coal. The explorer had planned to have his ship leave New York Wednesday but the uncertainty of raising the \$50,000 necessary to finance the expedition caused the slight delay. All but \$5,000 of the fund required has been obtained and he is hopeful of raising the amount before he leaves the city.

C. C. Kyle Says Prospects for Busy
Season in Northern Pacific Shops
Here Were Never Better

C. C. Kyle, chief clerk to Wm. Moir, mechanical superintendent of the Northern Pacific, was in the city Wednesday on business. Mr. Kyle was seen for a few minutes that night by a DISPATCH reporter and asked as to the prospects for the shops here. He said they were never better and that everything pointed to a very busy season. Mr. Kyle returned to St. Paul this morning but said he would come up Friday night and "fire off his fire crackers here."

Head of City Government of Stillwater Praises the Kline Shows

EVERY SHOW A FEATURE

Not a Single Fake in the Entire
Outfit is the Recommendation

S. R. Adair, chairman of the committee of the Park Improvement association in charge of the carnival, today wired J. G. Armon, mayor of Stillwater, where the carnival is holding forth this week and asked his honest and unbiased opinion of the carnival. In reply he this afternoon received the following telegram:

Stillwater, Minn., July 2, 1908.

S. R. Adair, Brainerd, Minn.,
Kline shows the best carnival aggregation we have ever had in Stillwater. Not a single fake with them and every show a feature.

J. G. ARMON,
Mayor of Stillwater.

The reports from the Stillwater papers are equally strong and show that the carnival is pleasing the people there this week as well as it did in Winona last week.

HELP WANTED

To the voters of the city of Brainerd: It is now up to the voters to determine if Brainerd shall build and own its waterworks system. This is for the voters of the city of Brainerd to say on July 14th, 1908.

This means that you voters shall get to the polls and vote and get all voters with you.

You must remember it will not raise or increase your taxes; the revenue from the waterworks will pay its own bonds and at present revenues it shall only be a few years when the water prices can be reduced also your taxes. Water and electric power to be operated in one building, and our intentions are that these systems be handled by a board of control, and taken out of politics. This \$120,000 is to build a new water plant and also power for water and electric plant and for improvements for the present electric system.

Would Save Labor.

"Woman," he said wearily, "has no idea of economy of labor. Of course she has a hard time in many ways, but it's largely her own fault. She likes to work."

"Why do you say that?" she demanded.

DEERWOOD NOTES

Mrs. Beriah McGoffin, Jr., Miss Rosa Moonchine, her sister and Mrs. Tom Cole were Brainerd visitors between trains on Wednesday.

Mons Mahlum and Mr. Dunn the banker, both of Brainerd were Deerwood visitors on Thursday.

Mr. and Mrs. H. J. Hage left last week for an extended visit in the southern part of the state with relatives and friends.

Mrs. Harry Patterson has been on the sick list for a few days, but is now feeling much better.

Mr. Thabes and Ralph Anderson finished their job of lathing and plastering the bakery and the Swanson house on Tuesday.

The Swedish Ladies' Aid will give a lawn social on Saturday evening, July 11, on Benson's lawn. The ladies will serve ice cream and cake and if things are favorable the band will play during the evening, at least they expect to play if enough of the boys are here that evening so they can play.

Mrs. John Brandt's sister is here visiting her from St. Paul.

Frank Hughes, who has been spending a couple of months at his cottage at the foot of Serpent lake, returned to Duluth on Monday to resume his work in the Duluth postoffice. His family will remain here for the time being at least.

Arthur Vinje is up from Superior overseeing the rebuilding of the roof of the Vinje cottage on Serpent lake, which the storm destroyed on Monday last.

Joe Nelson from Duluth, came up on Sunday and remained for a couple of days renewing acquaintances and looking after some property he owns here. He has not been in Deerwood for twelve years and was very much surprised at the changes that had taken place.

The Norwegian Ladies' Aid will be entertained at Mrs. Harry Patterson's on next Thursday, July 9.

Oscar Carlson returned from a trip up to Duluth on Monday evening.

Olson Skau went to Brainerd Tuesday noon.

Miss Dena Tedholm is staying at the home of Charley Lofholm's while she is recovering from an operation for appendicitis.

Paul Wasserzieher returned to his home at Proctor Knott on Tuesday morning, being called there by the illness of his father, Otto Wasserzieher.

The members of the Deerwood amusement club are making extensive preparations for the Fourth. They have been promised a speech by Judge Fleming and will endeavor to have C. D. Johnson also give us a humorous selection for the occasion, and besides the speeches there will be races, flag raising, fireworks in the evening, a ball game and a concert by the band. There will be a dancing in the afternoon and evening for those who wish, and all are planning on a good time.

"Well, why don't you say you wish you were a man?" asked Mr. Potts during the little discussion he was having with his spouse about matters of domestic management.

"Because I don't wish anything of the sort," she retorted. "I only wish you were one."

THE WORK IS COMPLETED

Work of Ballasting Big Fork and
International Railroad is
Now Complete

TRACK IS IN GOOD SHAPE

Construction Work Closed and
Train Taken off Wednesday
Evening of This Week

Supt. Strachan reports that the work of ballasting the Big Fork & International railroad has been completed. The construction was still incomplete when winter closed in last season and the work of ballasting was left to the Minnesota & International railroad company, which operates the entire line. The work has been handled under difficulties because of the large amount of rain and wet weather. It has been successfully completed, however, and the construction crews were taken off Wednesday night. The track between Big Falls and International Falls is now in good condition as any on the line between here and the border, though it will be more affected by rains and frost than the older line until it gets perfectly settled.

MERCHANT MURDERED.

Shot by Two Men Who Tried to Rob Him

Joliet, Ill., July 2.—August Beltzner, sixty-five years old and one of the most prominent business men of this city, was shot and killed while resisting two holdup men in his grocery store shortly after 8 o'clock at night. The murder has aroused the citizens to a high pitch and poses have been formed in hopes of capturing the bandits. Beltzner was counting the day's receipts when the holdup men entered his place of business. He resisted their demand for the cash and they opened fire upon him.

Dying Younger.

In view of all that has been said about the fall in the death rate, it seems strange to realize that we are not living so long as our grandfathers and grandmothers did. More babies live to grow up nowadays than formerly, but people in later life die younger. Once arrived at adult age the average man or woman has fewer years of survival to expect. This seems on the face of it so surprising a statement that in order to be accepted it should be backed up by data authentic and indisputable. Such data are furnished by the figures of the insurance companies, which all agree on the point, but it is easier to refer to the government census reports, which tell the tale in simple and convincing fashion. Even during the last fifteen years the death rate among all persons over fifty-five years of age of both sexes has risen very considerably.—Health Culture.

HOW TO KEEP YOUR HAIR BEAUTIFUL

This is a question asked every minute in the day by someone. "How can I make my hair beautiful, or how can I promote its growth? How can I save it from coming out?" etc., etc.

Can you recall the first letter or composition you ever wrote? At that time you thought it a very hard task and complained to your parents at being compelled to do it. It is not so hard now; you understand it. Just so with your hair. When you understand its requirements it will be just as easy for you to have beautiful hair as it is for you to write a letter or composition now. Beautiful hair may be acquired by any one who will follow my instructions, which are simple. USE E. BURNHAM'S HAIR AND SCALP TONIC. If you have gray hairs, use BURNHAM'S GRAY HAIR RESTORER AND TONIC, which turns gray hair gradually back to its youthful color. E. BURNHAM'S HAIR AND SCALP TONIC is acknowledged the standard of the world. It has made thousands of people happy. It will please you.

FREE.—A sample bottle of Hair Tonic, including a bottle of Cucumber Cream, or Gray Hair Restorer, and our new booklet, "How to be Beautiful" sent on receipt of 10 cents, to cover mailing expenses. Address:

JACOBSON NOMINATED.

Choice of Minnesota Republicans for Governor.

St. Paul, July 2.—The Republican state convention, in a brief and harmonious session, nominated the following state ticket:

For governor, J. F. Jacobson, Madison, Minn.; lieutenant governor, A. O. Eberhart, Mankato; secretary of state, Julius A. Schmahel, Redwood Falls; state treasurer, C. C. Dinehart, Slayton; attorney general, George T. Simpson, Winona; railroad and warehouse commissioners, Ira B. Mills, Moorhead, and C. E. Elmquist, Rush City.

The platform, in effect, endorses the policies of the Republican party as enunciated in the Chicago platform.

A Woman's Back

Has many aches and pains caused by weakness and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nerve tonic known to medicine. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put out by Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

JACOBSON IS CHOSEN

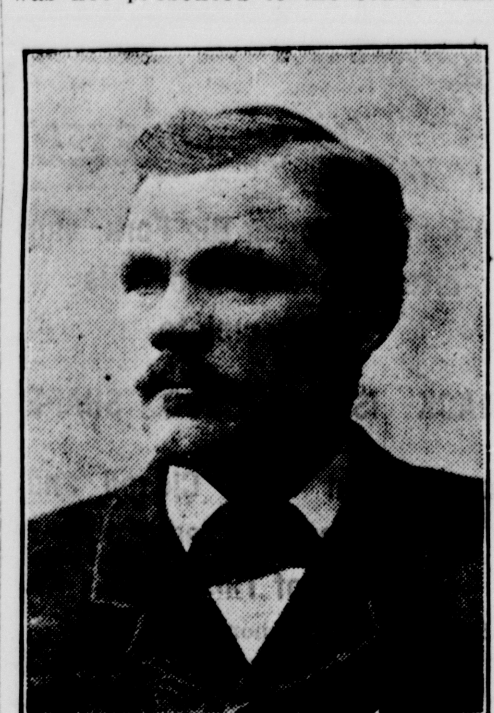

Nominated for Governor by Minnesota Republicans.

SELECTED BY ACCLAMATION

Other Candidates for the Position Withdraw.—A. O. Eberhart of Mankato Named as Candidate to Succeed Himself as Lieutenant Governor.

St. Paul, July 2.—In a single session lasting but three hours the Minnesota Republican state convention nominated J. F. Jacobson of Madison for governor and adopted a platform endorsing the work of the Chicago convention and pledging the party in Minnesota to continue the work of railway regulation.

Mr. Jacobson was nominated by acclamation, after Attorney General Edward T. Young and Samuel P. Snider of Minneapolis, opposing candidates, had withdrawn from the race and seconded the nomination of the Madison man. Joel Heatwole, who also had been a candidate for governor, did not withdraw from the race, but his name was not presented to the convention.

J. F. JACOBSON.

Though the nomination was to have been made by acclamation, it was observed that the Winona county delegates, who come from Heatwole's district, did not vote.

The following is the state ticket nominated by the convention:

For governor, J. F. Jacobson, Madison.

For lieutenant governor, A. O. Eberhart, Mankato.

For secretary of state, Julius A. Schmahel, Redwood Falls.

For state treasurer, C. C. Dinehart, Slayton.

For attorney general, George T. Simpson, Winona.

For railroad and warehouse commissioners, Ira B. Mills, Moorhead, and C. E. Elmquist, Rush City.

All these men with the exception of Messrs. Jacobson, Simpson and Elmquist, hold the offices for which they were nominated. All nominations except those of railway commissioners were made by acclamation.

Eddy Nominates Jacobson.

Mr. Jacobson's name was presented to the convention by former Congressman Frank Eddy, who aroused laughter when he said, "The only reflection any one has been able to cast on our candidate is that he eats pie with a knife."

"He is a rough, rugged, natural man. We could not have him any different if we would and we would not if we could."

The demonstration that succeeded the nomination speech of Mr. Eddy had not subsided when Attorney General Young rose to second the nomination, thereby throwing the convention into a fever of enthusiasm. He was followed by Mr. Snider, who also made a seconding speech.

Because of the inability of the various candidates for governor to agree on a temporary chairman, the state committee left that work to the state convention. The name of John H. Steele alone was presented and he served both as temporary and permanent chairman.

After the nomination of candidates the platform was adopted and the convention adjourned.

When the convention was called to order the nomination of J. F. Jacobson for governor appeared inevitable. A few minutes before Attorney General Edward T. Young withdrew from the contest and announced that he would second the nomination of Jacobson.

In his speech calling the convention to order State Chairman Cole, brother of the late Albert Cole, the defeated Republican nominee two years ago, asked the party, in his brother's name, to be loyal to the ticket nominated.

Judge John H. Steele of Hennepin county was placed in nomination for temporary chairman. He was elected by acclamation.

Judge Steele spoke briefly in assuming the chair. He eulogized Taft as the man best equipped by training and natural ability of any man ever selected for the presidency. The Republican party in Minnesota, he said, would not make any mistakes this year or repeat the foolishness that has placed a Democrat in the governor's chair. Harmony in this campaign would insure the election of the entire Republican ticket.

A. J. Rockne of Zumbrota was selected for secretary and the following

as assistant secretaries: C. B. Edwards, Albert Lea; David H. Lawrence, Two Harbors, and John A. Dzel, Morton. Lawrence was a candidate for secretary and there was a little mixup that was settled by R. B. Brower.

Julius A. Schmahel then moved that as there were no contests a committee on credentials be dispensed with. This was carried and on motion of George V. B. Hill of Minneapolis, the temporary organization was made permanent.

W. E. Lee then moved the appointment of a committee of fifteen on resolutions, one from each congressional district and six at large. Chairman Steele appointed F. M. Wilson of Red Wing, Tams Bixby, St. Paul; L. O. Cooke, Kellogg; L. S. Swenson, Minneapolis; E. B. Colester, Waseca; J. W. Andrews, Mankato; W. E. Lee, Mankato; George J. Bradley, Norwood; George W. Somerville, New Ulm; B. N. Anderson, Albert Lea; P. E. Dowling, Eveleth; H. L. D'Armes, Hector; D. P. O'Neill, Red Lake; Albert Berg, Warroad; R. B. Forrest, Murray county.

Dr. A. B. Cole started things by moving that the convention proceed to nomination. Someone called out, "How about the resolutions committee?"

"The committee on resolutions can go out of stay here," replied Chairman Steele.

Frank M. Eddy was greeted with an outburst of cheers as he stepped to the front of the stage to nominate Jacobson.

Mr. Eddy said, in part:

"Though the candidate may be unfortunate in the man who is to present him I am fortunate indeed in the candidate whose name I present. His private life and public record proclaim his worth, and the voter who doesn't know his name is enveloped in an ignorance so dense that I cannot hope to penetrate it."

Jacobson a Rough Rider.

"He was a rough rider when the man who made that a synonym for honesty in politics was riding a hobby horse. He stood for the 'square deal' long before the man who has made that phrase famous had quit playing in the alleys. He not only stood for the 'square deal,' but for an honest shuffle and a straight cut, without which a 'square deal' is not possible. Upon the public record of this state he has blazed his name. He has stood for what he thought was right with persistence and courage."

"It is superfluous to name him. You all know who he is. I will only paraphrase a famous couplet and say,

"If you ask us where he hails from We've but one reply to make."

He comes from Minnesota, And the people call him Jake."

Tumultuous applause swelled from the big audience when Attorney General E. T. Young called for the floor and the scene resembled a national convention, for many of the delegates in their enthusiasm arose to their feet and waving their hats and handkerchiefs, shouted at the top of their voices.

"I have always noted at conventions that the most popular man was the one who had been defeated," remarked Mr. Young in opening. General laughter greeted this remark. "It is better to be loved after one has laughed than never to have been loved at all. I rise to second the nomination of J. F. Jacobson as our candidate for governor. I want to assure you with perfect candor that I make this motion with much pleasure. It is not everything to secure a nomination. The Republican party stands for more than the ambition of any one man. It is not and ought not to be any humiliation for those who lose to afterwards support their successful competitors."

"This has been a friendly competition. No policies or principles were involved, for we all stood for the same principles. I will retire from this contest without a shade of ill will toward anyone, and it is gratifying to me that he who has defeated is worthy of respect. I will bespeak for him the entire and united support of the Republican party of the state."

Snider Seconded Nomination.

Captain S. P. Snider seconded the nomination of J. F. Jacobson in a speech which he read. He pledged his best efforts in support of the nominee.

Captain Snider retired from the platform amid a hearty outburst of cheers, and John G. Lennon of the Hennepin delegation moved that nominations be closed and the nomination of Mr. Jacobson be made unanimous.

From all parts of the convention hall there were calls for Mr. Heatwole, in the expectation that he would second the nomination of Mr. Jacobson. But there was no response, and Mr. Lennon then renewed his motion. Dar Reese protested that the motion was out of order, as there was one citizen of Minnesota, Joel P. Heatwole, still a candidate before the convention. He closed the remark by saying, "and while I am on my feet, I take great pleasure in seconding the nomination of J. F. Jacobson of Lac qui Parle."

Mr. Foss of the Grant county delegation and a member of the Isanti delegation also spoke briefly, seconding the nomination of Jacobson. J. G. Lennon of Hennepin then moved that the secretary be instructed to cast the unanimous vote of the convention for J. F. Jacobson of Lac qui Parle.

Ripley B. Brower of St. Cloud then moved that the nomination of J. F. Jacobson be made by acclamation and a rising of delegates to their feet. The entire convention arose and made the nomination unanimous.

M. J. Dowling of Olivia then moved that a committee of three be appointed to wait upon Mr. Jacobson and escort him to the hall. A. F. Rice of Willmar protested that Mr. Jacobson was not nominated yet, since all the

convention had done was to pass a motion to nominate him by acclamation. He was overruled and Chairman Steele then appointed as the notification committee Mr. Jacobson's three rivals, E. T. Young, S. P. Snider and Joel P. Heatwole.

On motion of Dar F. Reese the convention then went ahead to nominate the rest of the ticket. Lieutenant Governor A. O. Eberhart was placed in nomination by Dr. J. W. Andrews of Mankato. Eberhart was seconded by George H. Sullivan of Stillwater and John E. Diamond of Minneapolis, and on motion of Mr. Wilson of Mankato the nomination was made by acclamation.

C. T. Howard of Redwood Falls nominated Julius A. Schmahel for another term as secretary of state, and J. F. Calhoun seconded the nomination, which was made by acclamation. C. C. Dinehart of Slayton was re-nominated for state treasurer on motion of Mr. Todd of Slayton.

J. J. McCaughey of Dodge county nominated George T. Simpson of Winona for attorney general. John P. Nash seconded the nomination for Hennepin and A. D. Gray of Preston, who had been mentioned as a possible rival, made a short seconding speech. Simpson was named by acclamation.

Then came a big fight on the two nominations for railroad commissioner. Chicago county presented C. E. Elmquist of Rush City and his name was seconded by J. F. Calhoun of Hennepin. Clay county presented Ira B. Mills and Hennepin county seconded him through George V. B. Hill. Dar Reese for Ramsey county seconded Mills and Elmquist.

Joseph Underleak of Chatfield nominated A. C. Aady of Rock Dell, Olmsted county, and W. H. McBride of Fergus Falls nominated John H. Grass of that city.

Created a Sensation.

Senator E. H. Canfield of Luverne and Senator B. E. Sundberg of Kennedy seconded Grass and Grant, Pine, Wilkin also seconded Grass. H. T. Halbert of St. Paul created a sensation by shouting in stentorian tones that on behalf of a few independent delegates from Ramsey county he seconded the nomination of Grass. The convention then proceeded to a roll call.

When the ticket had been nominated, J. F. Jacobson was led to the platform by Messrs. Young and Snider. His acceptance speech was brief and to the point.

While the convention was waiting to hear the vote on railroad commissioner, and after Mr. Jacobson's speech of acceptance, Frank M. Nye of Minneapolis and Senator Clapp of St. Paul made short addresses.

It was then announced that Judge Ira B. Mills and C. E. Elmquist had been nominated for railroad commissioners.

The convention by a rising vote adopted resolutions expressing deep sorrow over the death of Albert L. Cole, the party's candidate for governor in the last campaign.

The resolutions express deep admiration for President Roosevelt and appreciation of his exceptional services to the country, and declare that by punishing with unsparring hand the lawbreaker, whether obscure or powerful, he has created a wider respect for law and order.

While regretting the prospective loss to the country of the leadership of Roosevelt, the Republicans of Minnesota rejoice in the fact that in W. H. Taft he will have a worthy successor, strong, capable and energetic, the man who above all others is best fitted by training and by temperament to take up the work which Theodore Roosevelt so successfully inaugurated.

Sherman's Selection Endorsed.

The selection of James S. Sherman of New York as the Republican candidate for vice president is heartily endorsed. The platform adopted by the national Republican convention is endorsed, and the services of the Republican senators and congressmen from Minnesota are commended.

Regarding the tariff, the resolutions declare in favor of revision as declared by the national Republican party in its recent convention at Chicago, and that such revision should provide for only such duties as are necessary to equalize the difference in cost of production at home and abroad and continue the high standard of living and maintenance of the standard of wages heretofore paid to American labor.

President Roosevelt's policy for the conservation of our natural resources and the extension of our system of waterways is commended, and a state policy of reforestation is urged.

The declaration of the Republican national platform favoring the control by federal authority of future issuance of securities by interstate carriers, is endorsed, and a similar policy is advocated on the part of the state as to carriers within its control.

Revision and amendment of the state tax laws are advocated, so that property shall contribute its just measure of the state and local expenditures.

The resolutions point with pride to the record of the Republican party in the nation and state, and refer with pride to President Roosevelt's championship of the cause of labor in urging the enactment of an employers' liability law covering the defects of the law that the federal supreme court declared unconstitutional.

Regulation and control of the liquor traffic in this state is favored and such legislation urged that may be necessary to strengthen the laws and insure their strict enforcement.

The work of the state immigration commission is commended, and a uniform system of good roads and adoption of modern laws to equitably apportion the cost thereof is favored.

WOMAN IS IDENTIFIED.

Victim of Chicago Tragedy Formerly Lived in Fargo, N. D.

Chicago, July 2.—The identity of the body of a woman found in a rooming house on Michigan avenue early Wednesday morning as that of Mrs. Maudie Thompson, formerly of Fargo, N. D., was established by the testimony of residents of Oak Park, a suburb of this city, by whom she had been employed. Mrs. Thompson's husband, it is said, is a school teacher in the Western city and he is reported to have been in Oak Park recently in an effort to persuade his wife to return West with him. The woman, who was also known as Anna Raymond, refused his request, however, and left the village until after his departure for his home. The police search for clues as to the identity of the woman's slayers has been a failure thus far. The descriptions obtainable of the woman's companion at the rooming house have been indefinite and no trace has been found of the housekeeper of the place, who disappeared Monday afternoon. The only additional evidence found was an alarm clock which had been set for 2 o'clock and stopped at six minutes before that hour. The police are inclined to believe from this that the murder took place shortly after 1 o'clock Monday morning.

Identification was made certain when the police found Walter C. Gilmore, an employee of the Western Union Telegraph company, who viewed the corpse and declared that it was that of his sister. He said that the woman was born in Toronto, Can., in 1881, and that the family later lived in Minneapolis. She was married to Edward Thompson, a school teacher, in Fargo, N. D., in December, 1904. She left him six months later and came to Chicago.

The police learned that Mrs. Thompson had been employed as a servant by several families in Oak Park but in most instances she was discharged because she kept late hours and wore too many diamonds. Several purchase slips from Chicago jewelry stores were found among her effects but with the exception of a few trinkets the articles which these recorded were missing.

Boy Killed by a Handcar.

Minneapolis, July 2.—After having suffered for several hours, James Lyons, seventeen years old, who was working as section hand to secure funds to complete his education, died at Hopkins, a suburb of Minneapolis, as the result of injuries received by falling from a handcar. Young Lyons and another man were running the handcar at the time of the accident. In some way the handle sprang up and knocked the boy off the car onto the track, the rear wheels of the car badly crushing his head and injuring him internally.

BAFFLES THE POLICE.

Wilson Poison Mystery at Philadelphia Unsolved.

Philadelphia, July 2.—The solution of the Wilson poison mystery in this city, which the authorities said would be made complete Wednesday, has not materialized and it is admitted that the police are no nearer to an arrest of the person or persons who sent the supposed poison to Dr. Wilson in a bottle of ale, than they were on Monday. The detectives intimate that a woman very probably figured in the case and that if she can be found probably will be arrested. Just what the woman may have to do with the case no one will say. The civil authorities invoked the aid of the postal inspectors to assist them in finding where the letter was mailed which Dr. Wilson received notifying him that a sample bottle of ale had been shipped to him.
